## **Baldwin Safety & Compliance Integrates ForeFlight Dispatch**

Hilton Head Island, SC – November 2, 2022 — Baldwin Safety & Compliance announced it has integrated its platform with ForeFlight Dispatch, allowing users to conveniently access flight planning details within the Baldwin safety system.

“We have achieved another useful integration that will save clients time and help streamline their preflight tasks,” said Dr. Jason Starke, Director of Safety, Baldwin Safety & Compliance. “Now they can pull in all the information associated with the Foreflight Dispatch trip record to include on form submissions in the Baldwin system.”

The ForeFlight Dispatch integration widens the scope of which flight scheduling platforms clients can import data into the Baldwin system. As an added convenience, if a client uses a flight planning program integrated with Foreflight Dispatch, that flight information will be able to be brought into the Baldwin system.
